

# Coffee Lectures

## by the research support services team in medicine & pharmacy

University Library Bern

- News and valuable information for scientific work. Attend our 15 minutes Coffee Lectures

---

### Are you in need of brain food for your research projects? Practical Tips in a Nutshell.

Online: zoom: <http://bib.unibe.ch/medCL>

Identifier: 183856

---

### Open, embargoed, restricted or closed? BORIS Portal research data repository

This Coffee Lecture will be helpful for researchers, who are searching for a FAIR data repository to share data openly as possible and as closely as necessary. Specifically taking into consideration clinical trials and studies, which fall under the Human Research Act.

**29.03.2022 13:00**

Dr. habil. Olga Churakova, Open Science Team, UB Bern

---

### 10 tips to improve your scientific writing

If you want to improve your scientific writing but you don't have time to take a course, here's an opportunity to absorb the distilled wisdom of our scientific writing course tutor, Kali Tal, PhD. These tips will quickly put you on the right track.

**06.04.2022 13:00**

Dr. Kali Tal, Research Support Service Team Medicine & Pharmacy, UB Bern

---

### Much of Open Access comes with a price-tag for the authors

However, Uni Bern's researchers have various resources available to pay for such costs. This Coffee Lecture will introduce the University's Open Access Fund, its Read & Publish options and the funding mechanism of the SNF via ChronosHub.

**26.04.2022 13:00**

Dr. Andrea Hacker, Open Science Team, UB Bern
