

swisscovery University and PH Bern: research, request, download

What can I find via swisscovery University and PH Bern?

- research platform: ubbern.swisscovery.slsp.ch
- Collections of around 500 libraries throughout Switzerland
- physical media (largely with courier delivery service): Books, specialist journals, newspapers, images, films, sound formats, music scores, maps, teaching materials
- Online resources

How do I register?

- **New users:** <https://registration.slsp.ch/?iz=ube>
- Manual for registration: ub.unibe.ch/services/faq/index_eng.html
- Login in swisscovery: email and password of your SWITCH edu-ID

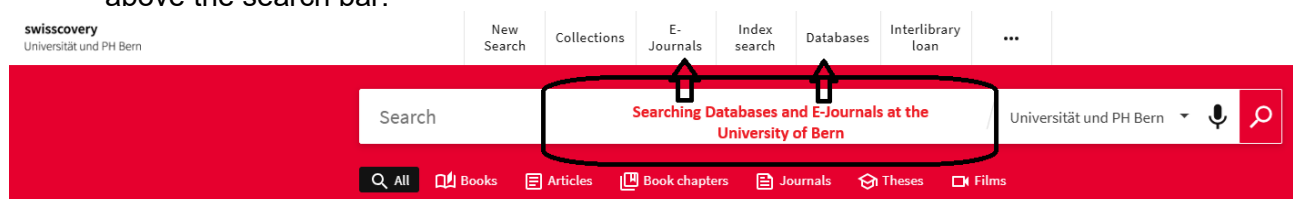

How do I search for media?

- Enter search term(s) in the search field and select a search profile.
-

How do I use online resources?

- To narrow your search results to online resources, use the «**online filter**»
- Full text resources are accessible on University of Bern campus and via VPN connection.
- If you use the «**open access**» filter, you have access to these online resources from anywhere, regardless of current location and institutional affiliation.
- You can find **E-journals** and **databases** in your subject in swisscovery in the menu item above the search bar.

How do I request media?

- To request an item, you must be logged in: ubbern.swisscovery.slsp.ch
- You can improve the list of search results by choosing filters.
- Click on the desired title in the search results list.

The screenshot shows the swisscovery search results page. The top navigation bar includes links for New Search, Collections, E-Journals, Index search, Databases, Interlibrary loan, and a user account link. The search bar contains the query 'Klimawandel OR Climate Change'. The left sidebar offers various filters to refine results. The main area displays search results, with one result highlighted: 'Climate change : multidecadal and beyond'. Red callouts provide instructions: 'Improve search results by choosing filters' points to the filter sidebar; 'Log in to request items' points to the top right; 'Click on the title to select your order options' points to a search result title.

The first screenshot shows the request page for 'Bern UB Speichermagazin'. It includes a 'REQUEST' section with 'Loan' and 'Digitization' buttons, a 'Back to locations' link, and details about the item's availability. The second screenshot shows the 'Further request options' section, which offers two choices: 'Request by courier or postal delivery' (delivered in 2 working days, cost 0.00 CHF) or 'Digitization' (delivered in 2 working days by email, cost 5.00 CHF). Both options have a 'Request' button.

1 «Universität und PH Bern, incl. Berner Kurier»: Either order media by the local "Berner Kurier" or pick up the title in the library which owns the media.

2 «Further request options»: You can order the title by nationwide SLSP courier or by postal delivery to home or office. The costs will be shown when ordering.

The **delivery time** indicated is an estimation. A pick-up notification will be sent by email.
