Objective: Between 2013-2018 Pacific College of Health and Science substantially revised the curriculum of the Master of Science in Traditional Oriental Medicine (MSTOM) program to incorporate evidence informed practice (EIP) content. A three-credit (45 hour) Foundations of EIP course, and online EIP learning modules, were used for faculty and student training. In addition, EIP was incorporated into 73% of the MSTOM program. Clinical integration of EIP in the College clinic was
