## Was ist das?

### «Open Researcher and Contributor ID»

- 16-stellige Identifikationsnummer
- gegründet 2010, Dienst startete 2012
- Non-profit, nicht-proprietär, offen
- ist ein Opt-In-System
- Kostenlos für einzelne Forschende
- zentrale Pflege von Profil-, Publikationsdaten etc.
- Integration mit Systemen der Uni, von Verlagen, Förderern (SNF) ermöglicht automatischen Datenaustausch via ORCID APIs

	The <b>ORCID iD</b> : a unique, persistent identifier free of charge to researchers
	An <b>ORCID record</b> connected to the ORCID iD, and
	A set of <b>Application Programming Interfaces (APIs)</b> , as well as the services and support of communities of practice that enable interoperability between an ORCID record and member organizations so researchers can choose to allow connection of their iD with their affiliations and contributions

This block shows a detailed view of the right-hand side of the ORCID profile, enclosed in a red border. It displays a list of entries under the 'Employment' and 'Education' sections. Each entry includes a source name (e.g., 'Universitat Bern: Bern, Bern, CH'), a 'Preferred source' checkbox, and a set of icons for adding, editing, and deleting the entry. A red box highlights the 'Preferred source' checkbox for one of the entries.

# ORCID beim SNF

- SNF hat neues Format für CVs
- für die Fördergesuchsstellung ist eine ORCID Pflicht

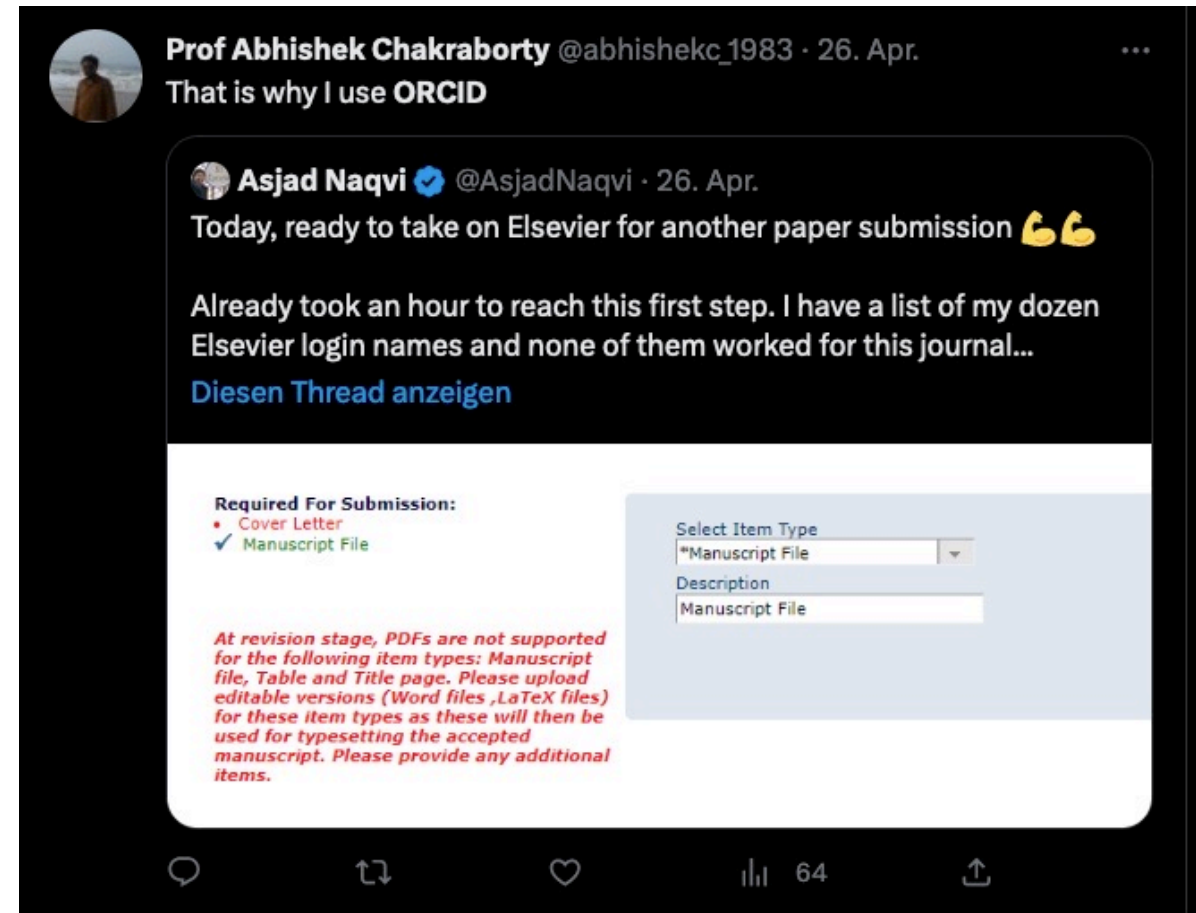

**Mit dem Fördergesuch reichen Sie ein Curriculum Vitae (CV) gemäss den Vorgaben des SNF ein. Darin beschreiben Sie Ihre bedeutendsten Leistungen als Forscherin oder Forscher.**

Über welche wissenschaftliche Qualifikation im umfassenden Sinn verfügen Sie? Für Gutachtende und Evaluationsgremien ist dies eine der zentralen Fragen, wenn sie Ihr Gesuch beurteilen. Das CV gibt Antwort. Es besteht aus fünf Elementen:

1. Ausbildung
2. Bisherige und laufende Anstellungen
3. Bedeutendste Leistungen mit ausgewählten Arbeiten
4. Netto akademisches Alter
5. ORCID-Identifikationsnummer

# ORCID bei Verlagen

- Vereinfachung des Einreichungsprozesses
- Beanspruchen von Publikationen
- Automatischer Import von Verlagsseiten und Datenbanken bspw. aus Scopus oder WoS

# ORCiD – Fazit

Warum eine ORCiD erstellen?

- persistente, eindeutige Identifikationsnummer
- bleibt ein Forscher:innenleben lang
- non-profit, nicht-proprietär, offen & kostenlos für Forschende
- zentrale Pflege von Profil-, Publikationsdaten etc.
- Integration mit Systemen der Uni, von Verlagen, Förderern (SNF) ermöglicht automatischen Datenaustausch via ORCiD APIs
